Field Trip Permission
CONSENT FORM

Occasional field trips are scheduled to enrich the school program, to provide specific examples, and to facilitate learning. Parental permission is required to allow student participation in a field trip.

You have the option of giving your consent with proper notification for all field trips or requesting a permission form for each class trip. Regardless of your choice, there will always be an informational letter sent home in advance of the trip. Also, check the Parent Newsletter or the Calendar of Events for upcoming field trips.

Student's Name: _____ Grade: _____
