EMERGENCY SCHOOL CLOSING PROCEDURE

As you know problems can arise during the school day which may necessitate early closing. Extreme weather changes, sever storms, power failure, and building and grounds problems just to name a few examples. In these events the School Reach Notification system will be used. Please make sure your primary contact information is up-to-date at all times.

Since we all want our children to return home safely in case of an emergency, we would like specific directions from you, as to how we should handle sending your child home.

You need to have a plan in place that **does NOT** require being called, as the only phone call you will receive will be from the School Reach system.

Busses will run normal routes home.

In the event of an emergency school closing, please follow these directions for my child(ren):

_____ _____
Child's Name Grade

_____ _____
Child's Name Grade

_____ _____
Child's Name Grade

_____ _____
Child's Name Grade

****

☐ Send my child(ren) home on the bus ☐ My child(ren) will be picked up at the school

☐ Other instructions _____

_____

_____

If your child is in the EEE program, they will need to be picked up from school.

_____ _____
Parent/Guardian Signature Date

If you need to make any changes during the school year, **Please** let us know.
