Kindergarten & First Grades-Ms. Janny

This year flew by! Kindergarten and First grade has worked so hard this year! We are getting ready to wrap up all of our last units. In math we have been working on telling time and money. We can identify coins and tell you how much they're worth! In ELA we have been reading different fairy tales from around the world. We read a few versions of Jack and the Beanstalk and we are even growing our own beanstalks! Our main focus in ELA is Cinderella. Some of the stories we have read come from China, Mexico, and New York City. It is interesting how each story has many differences from the original version.

As the end of the year approaches, I will begin to send home classwork and projects that I have held onto. Also, I am finishing up a summer review packet for

students to work on to keep up with all the skills they learned this year. This is not mandatory but would be good practice to make sure students are ready to go again come fall!
